OFFICE ACTION

Allowable Subject Matter

Claim 3 is allowed. Following is the reason for allowance:

The closest art, *Yamamoto* '094 discloses a method of forming image sensor die, but is silent about using a BGA (ball grid array) on the underside of the image sensor die. *Tu et al* '946 discloses a structure having at least an image sensing chip 16 overlying a BGA 30 [Fig. 1 and ¶ 0019]. However, none of the cited art teaches or suggests "an image sensor die that uses a ball grid array on the underside of the die."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
